Program Handbook**

Alberta

Children and Youth Services

Introduction

Since 1966, the Government of Alberta, together with participating municipalities and Métis Settlements, have jointly funded preventive social services for Albertans through the Family and Community Support Services (FCSS) Program. Designed to meet the preventive social programming needs of the local community, FCSS projects and services offer a range of support for people of all ages. Over the years, a number of changes have been made to the FCSS Program to ensure that it continues to meet the needs of the community.

The *FCSS Program Handbook* presents an outline of the FCSS Program, describing its Program plan, organization, allocation of funds and accountability processes. The Handbook is intended to assist staff, elected officials and board members in understanding the purpose of the FCSS Program, how FCSS funding is allocated and how it can be used. It will also provide a record of significant program policy decisions, including interpretations of the FCSS Regulation.

This Handbook will be updated as required.

Program Plan

A. Vision

Alberta's diverse people building strong communities through positive, caring interaction and mutual respect.

B. Beliefs

A community's most valuable resources are its people. Investments made in developing and supporting people pay dividends in all areas of community life.

We can make valuable contributions to our communities and communities need the contributions of all of us.

Voluntarism is inherently valuable in that it allows us, as citizens, to contribute directly to our community, which in turn is linked to positive outcomes for individual volunteers.

Partnerships are fundamental to community building.

Municipalities and Métis Settlements can support individuals, families and communities by providing well-designed preventive social programs.

Each municipality and Métis Settlement has unique programming needs and is best able to determine what its own needs are.

C. Mission

Family and Community Support Services (FCSS) is a partnership between the Province, municipalities and Métis Settlements that develops locally driven preventive social initiatives to enhance the well-being of individuals, families, and communities.

D. Mandate

Provincially, the FCSS Program receives its mandate from the *FCSS Act* and Regulation pursuant to that Act. At the local level, a municipal or Métis Settlement Council chooses whether to establish a Program, and enters into an agreement with the Province to jointly fund the Program.

2**FCSS Program Options**

The following is a list of programs and services that may be offered in a community through the FCSS Program. This list is intended as a guideline only. Assessing the needs of the community is the responsibility of the municipality or Métis Settlement.

- a. Services to assist communities to identify their social needs and develop responses to meet those needs, including:
 - i. raising public awareness around community issues,
 - ii. developing strategies for community advocacy,
 - iii. developing comprehensive social community plans and initiatives,
 - iv. environmental scans, service reviews, strategic planning, program planning, or
 - v. in-kind support to community-based groups (until they are able to sustain themselves) such as provision of office space, printing, photocopying, help with preparing proposals, etc.;
- b. Services to promote, encourage and support volunteer work in the community, including:
 - i. recruitment, training and placement services,
 - ii. resources to support volunteers,
 - iii. volunteer recognition, or
 - iv. co-ordination of volunteer services;
- c. Services to inform the public of available services, including:
 - i. information and referral services,
 - ii. community information directories,
 - iii. newcomer services, or
 - iv. inter-agency co-ordination;
- d. Services that promote the social development of children and their families, including:
 - i. parent-child development activities,
 - ii. early childhood development services for children aged 0-5 (excluding child care), or
 - iii. support services for young children aged 6-12 (excluding out-of-school care subsidies);
- e. Services that enrich and strengthen family life by developing skills so people can function more effectively within their own environment, including:
 - i. mentoring programs,
 - ii. parenting and family life education and development programs,
 - iii. programs for single adults and single parents,
 - iv. courses designed to enhance self-awareness and personal growth,
 - v. individual, family and group counselling services that are educational and not treatment oriented, or
 - vi. youth development and leadership services;

- f. Services that enhance the quality of life of the retired and semi-retired, including:
 - i. home support services,
 - ii. education and information services,
 - iii. co-ordination of senior services and programs, or
 - iv. self-help socialization activities.

3

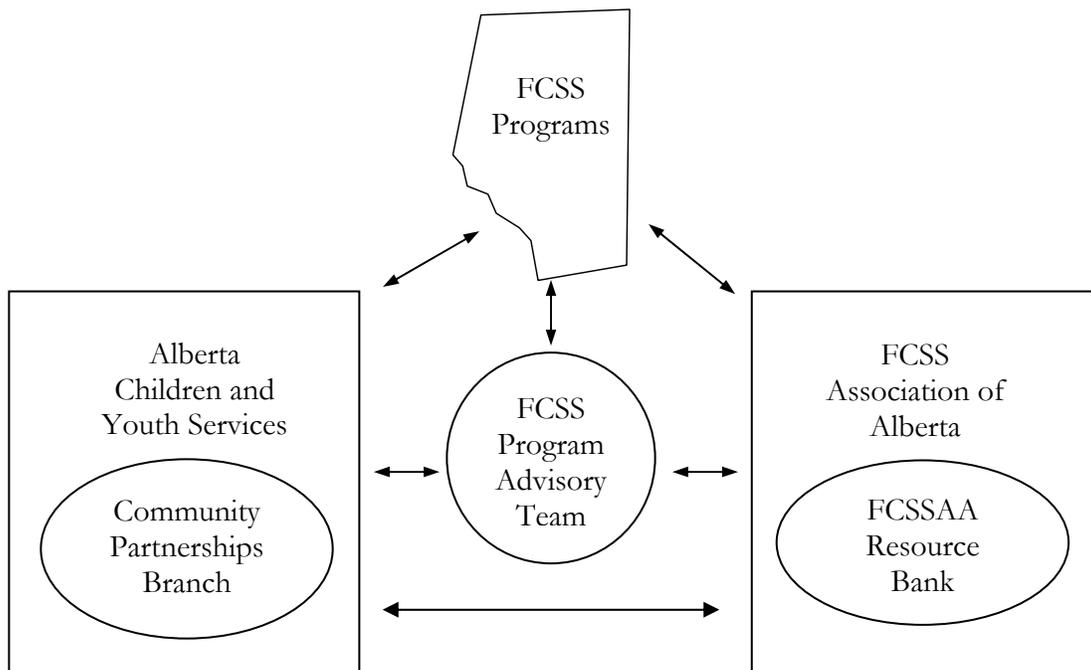

Organization

To better reflect the partnership nature of the FCSS Program, a more formal relationship is established between Children and Youth Services (CYS) and the Family and Community Support Services Association of Alberta (FCSSAA). The partnership team takes a joint approach toward improving the FCSS Program. This chapter describes that relationship.

A. Relational Chart

(courtesy of the FCSSAA)

How FCSS Bodies Relate

FCSS Programs have two primary sources of information, plus communication with all three bodies.

B. Program Advisory Team Mandate

1. Background

The FCSS Program is jointly funded by the Province and participating municipalities or Métis Settlements. The Minister of CYS is responsible for provincial policies that guide the Program.

Staff from the Ministry meet regularly with executive members of the FCSSAA to identify issues and suggest policy changes. This joint initiative of the Ministry and the Association is known as the FCSS Program Advisory Team (PAT).

2. Purpose

PAT is a vehicle for the Ministry and the FCSSAA to jointly consider program policies and processes and recommend improvements. PAT is not intended to duplicate or interfere with the relationship between the Province and individual municipalities/Métis Settlements as outlined in FCSS legislation.

Specific aspects of PAT's mandate include:

- Operating within the framework of the *FCSS Act* and Regulation, the budget as determined by CYS and the overall goal of the department business plan.
- Making recommendations for a three-year plan for FCSS, including the vision, mission, principles, goals and performance measures for the provincial Program.
- Providing a forum for the discussion of new Program directions.
- Reviewing progress made toward Program goals and reporting on performance measures.
- Assisting in the continued development of the FCSS Program Handbook.
- Recommending policies concerning administration of the Program, including:
 - ▶ Interpreting policy concerning types of services that are eligible or not eligible for FCSS funding. This typically does not involve decisions about individual projects; rather PAT considers classes or groupings of projects or services (e.g., reviewing the policy with respect to funding food banks).
 - ▶ Assisting in the evaluation of the effectiveness of the FCSS Regulation, FCSS funding allocation model and FCSS Program Review processes.

3. Membership

Ministry:

- Director of Community Partnerships
- Senior Manager responsible for FCSS
- FCSS Financial and Program Review Officers

FCSSAA:

- President
- Vice-President
- Secretary
- Treasurer
- Past President (one-year term)
- Executive Director
- Representation from FCSS Directors' Network
- Representation from Métis Settlements

4. Authority/Reporting Relationship

PAT represents a consultative relationship between the Ministry and the FCSSAA. Ministry staff is accountable to the Assistant Deputy Minister responsible for FCSS. Association representatives are accountable to the Association Board and member Programs.

C. Eligibility Review

Projects and services receiving FCSS funding is one subject the PAT discusses to clarify eligibility within the context of the broad Program mandate. For example, in 2008, the PAT reviewed the intent and outcomes of the School/Community Resource Officer Program, determined it was not a preventive social program and, therefore, not eligible for FCSS funding. The PAT does not approve (or disapprove) the delivery of specific programs or services at the local level because it is not comprehensively aware of local community needs and capacities, and does not interfere in local independence and decision-making. It is important to recognize that ultimately, it is the responsibility of a local municipal or Métis Settlement Council and/or FCSS Board to determine whether or not to fund a specific project or service based on legislated parameters.

D. Available Resources

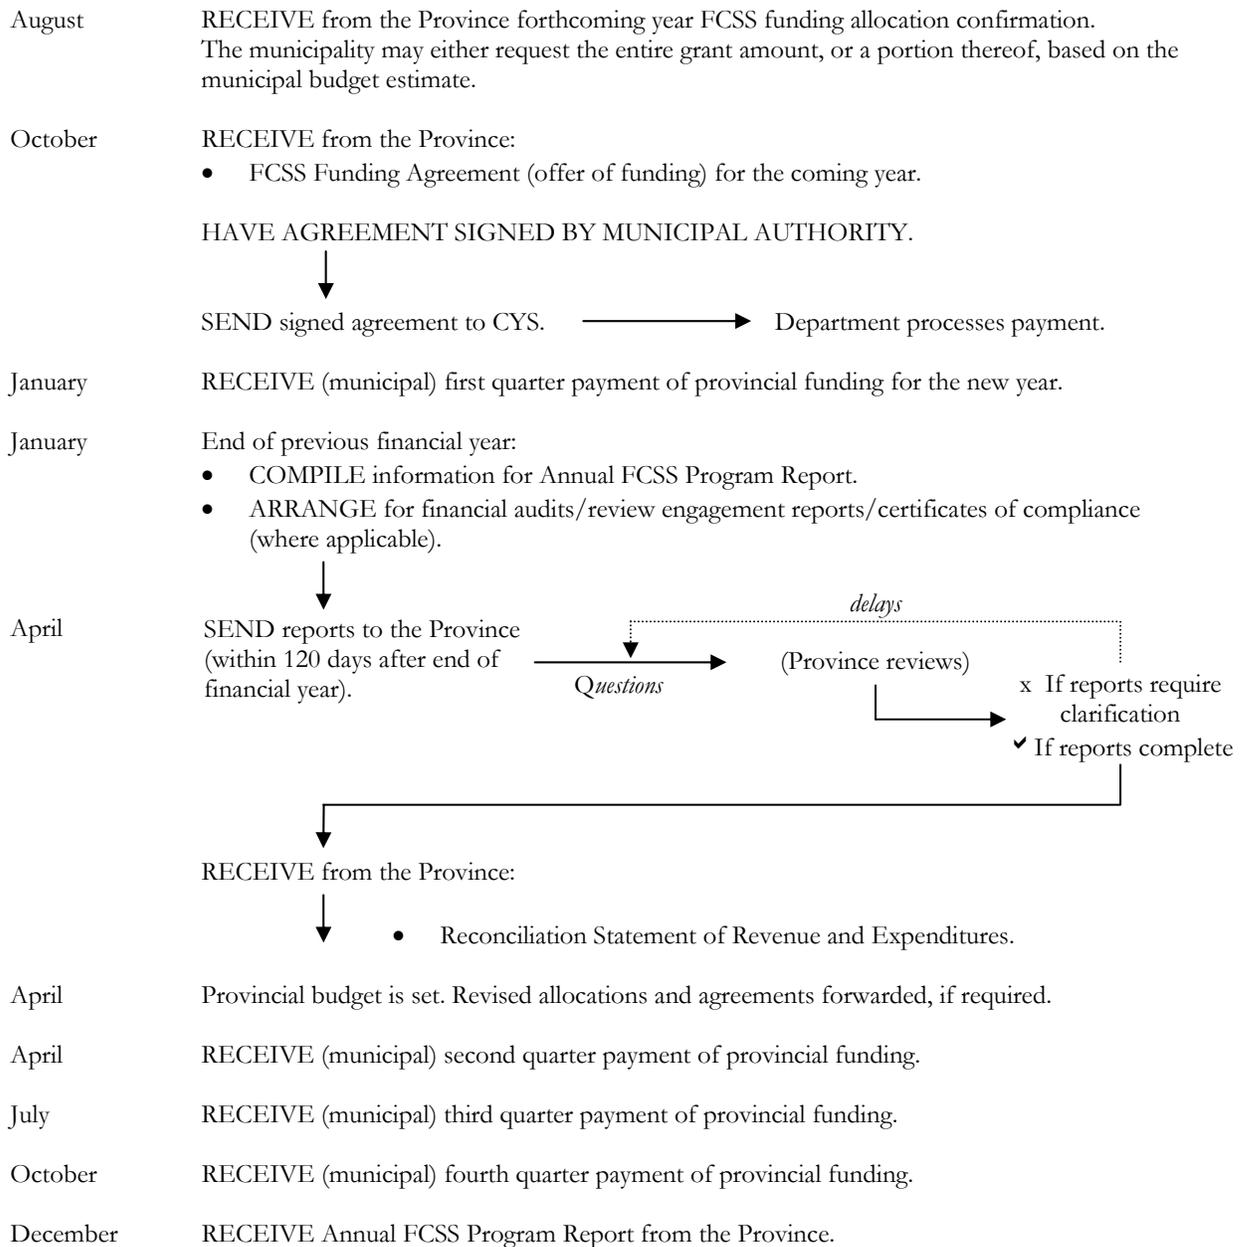

A number of FCSS resources and publications are available on the CYS website at www.child.alberta.ca/home/821.cfm as well as the FCSSAA website at www.fcssaa.ab.ca.

3. Terminating an FCSS Agreement

An FCSS Agreement may be terminated at any time by mutual agreement of both parties.

If a municipality wishes to terminate an Agreement between municipalities under Section 2(b) of the *FCSS Act*, and the effect of the termination would be to withdraw the authority for that municipality (i.e., local Unit Authority or lead municipality) to receive funding under the FCSS Regulation on behalf of another municipality, it shall provide the other municipality and the Minister of CYS with written notice six months prior to the termination date.

If a municipality participating in a multi-municipal Program that is **not** responsible for Program administration wishes to terminate an Agreement, it shall advise the local Unit Authority (lead municipality) of this decision. The local Unit Authority is then required to provide the Minister of CYS with written notice six months prior to the termination date. Refer to numbers eight and nine of the municipal FCSS Funding Agreement or number eight of the Métis Settlement FCSS Funding Agreement.

Municipalities or Métis Settlements operating individual Programs (i.e., not part of a multi-municipal agreement), wishing to terminate an Agreement are required to provide the Minister of CYS with written notice six months prior to the termination date.

2. Guideline

The FCSS Regulation requires all municipalities and Métis Settlements receiving provincial grants to submit **Annual FCSS Program Reports**. An Annual FCSS Program Report is forwarded each year from the Province to participating municipalities and Métis Settlements. *Note: In 2010, CYS introduced an Online System for submission of a number of documents, including the Annual FCSS Program Report. For further information, see Section E on page 4-21.* Submission of the report must be made within 120 days of the municipal calendar year-end (due to the Province on April 30 of following year) and within 120 days of the Métis Settlement fiscal year-end (due to the Province on July 29 of current year). The form is divided into three sections: Section 1 is the Statement of Revenue and Expenditures; Section 2 is the Projects/Services Report; and, Section 3 is the Certificate of Compliance.

The following is a guideline to assist in completing the form. Detailed information is also available in the *FCSS Financial Report Guide* which is posted on the CYS website at www.child.alberta.ca/home/821.cfm.

Name of FCSS Program - Identify the name of the local FCSS Program receiving funding from the Ministry for the delivery of preventive social services.

Section 1 Statement of Revenues and Expenditures

Revenues

Funding provided under the Act (FCSS Agreement – No. 1) is the total of the four quarterly FCSS provincial grant payments received within the reporting period, plus any calculated provincial surplus dollars from the prior reporting period. Refer to Line 1 of the FCSS Funding Agreement or Amending Agreement (if applicable) to confirm the correct figure to be included here.

Deferred provincial dollars from 20XX (Reconciliation Report) is the amount of unexpended dollars a municipality retained from the previous year as a result of a provincial FCSS grant increase. An Annual FCSS Program Report Addendum is forwarded from the Province together with the Annual FCSS Program Report. Local FCSS Programs deferring all or part of the increase are required to complete this Addendum. Refer to the prior year FCSS Reconciliation of Revenue and Expenditures Report provided by the Province to confirm correct figure to be included here.

Funding provided under the Act from other municipalities is the provincial (80 per cent) FCSS funding amount received from municipalities located outside its FCSS boundary (i.e., grant transfer). All grant transfer information, including the name of each municipality providing a grant and grant breakdown details, is to be reported on the Grant Transfers Form, located at the bottom of page one.

The ***Municipal contribution*** must be no less than 25 per cent of the provincial grant. This equates to an 80/20 ratio between the Province and the municipality/Métis Settlement. The contribution cannot include funds collected through fees charged to clients for services provided under the municipal program. **The 20 per cent matching share must be allocated from the operating budget of the municipality/Métis Settlement.**

If grant transfers are reported, combine matching 20 per cent contributions received from outside municipalities (as recorded on Line (D1) of the Grant Transfers Form), together with your Program's municipal share and report this amount on Line D. If no grant transfers are being reported, identify only your Program's municipal matching share.

Additional Funding received from other municipalities is the funding received from municipalities located outside its FCSS boundary from other FCSS Programs in excess of their 20 per cent matching share. The figure reported must correspond to the amount recorded on Line (D2) of the **Grant Transfer Form**, located at the bottom of page one.

Other revenues include the following examples:

Funds paid to the Program by other provincial, municipal, or federal departments for the reporting period.

Client fees or other third party fees received in the reporting period.

Proceeds from the disposal of assets and equipment.

Cash donations and proceeds from general fundraising activities to the Program, including United Way, etc.

Interest income from investments of current period funding and from other sources of income allocated to the Program.

All revenues received for the operation of an FCSS Program are to be reported when completing the Annual FCSS Program Report. However, there are circumstances wherein an FCSS Program may receive cash donations or generate revenues from fundraising activities intended to be spent on specific non-FCSS activities (i.e., outside legislated parameters). If a local FCSS Program is involved in community activities where no provincial (80 per cent) dollars are being used, do not report these expenditures and/or revenues on the Annual FCSS Program Report. Doing so may result in a false surplus calculation.

Expenditures

Internal, directly funded services provided by the municipality under the program including administration may only include costs identified in Section 3 of the FCSS Regulation (municipal costs) and shall not include costs identified in Section 4 (prohibited costs).

Funds provided to service providers who are external to the municipality is the total amount of all FCSS grants paid to external organizations during the reporting period.

Less surpluses retained/returned by service providers who are external to the municipality is the total amount of funding the externally funded organizations did not spend. The municipality must have a process in place to determine whether grants have been fully expended in accordance with the terms of agreement between the municipality and its funded organizations.

Externally funded organizations receiving operating grants from municipalities, regardless of their operating year, are required to submit calendar year-end (January 1 to December 31) financial statements for accountability/audit purposes.

Financial statements must correspond to projects as described on FCSS funding applications approved by municipal Councils and/or local FCSS Boards.

These statements, to be retained on file locally, support figures reported in Section 1 on Lines (H), (I) and (J) of the Annual FCSS Program Report. Calendar year statements are necessary to ensure the provincial FCSS reconciliation statement is calculated correctly.

If an externally funded organization closes or terminates its agreement with the municipality, a partial year financial statement for the period of time the organization was in receipt of funding is required.

Net total funding to service providers who are external to the municipality is the difference between the amount of funds advanced to external organizations and the amount of surpluses retained/returned by the organizations.

Surplus/(Deficit) is the difference between the total expenditures and the total revenues. If a surplus is identified, the amount will be prorated proportionately among revenue contributors (i.e., municipality, other revenue sources and the Province).

Section 2 Projects/Services Report

- List each project receiving funding and the amount expended. Total Program expenditures reported in Section 2, Box H must equal Section 1, Line K.
- The quality of reports produced within the provincial FCSS database is dependent on the accuracy and clarity of information provided on Annual FCSS Program Reports. ***Do not identify expenditure types (e.g., salaries, rent, utilities, etc.) as project names.***
- Clearly identify each project receiving funding with an appropriate name. Consider the purpose, intent or outcome of the service when determining what a project name might be (e.g., “Seniors Outreach” versus “Seniors Fun Day”). Avoid grouping unrelated projects together.
- Separate activities with a similar purpose may be combined and reported under a common title (e.g., community events, public awareness/education, information/referral, and/or volunteer support).

- Externally funded projects/services must be identified with an asterisk (*). The appropriate project name should precede the name of the organization receiving funding (e.g., Outreach and Wellness Program (Seniors Drop-In Society)*).
- Expenditure totals for external projects reported in Section 2 must correspond to the figure reported in Section 1 on Line (J) (i.e., *Net Total Funding to service providers who are external to the municipality*).
- If a project fits within multiple categories, calculate and report the percentage that applies to each. For example, 75 per cent of a \$5,000 Family School Liaison expenditure could be reported within the Category A - Children and Youth (\$3,750) and 25 per cent reported within Category B – Families (\$1,250).
- *Grant Transfers to other FCSS Programs* (Category F) is used when municipalities elect to transfer all, or a portion of, their FCSS grants to neighbouring Programs located outside their boundaries for the delivery of services within their communities.
- *FCSS Management* (Category G) should only include expenses related to administration of the overall FCSS Program. Many FCSS Directors/Co-ordinators are also involved in direct program delivery. In these circumstances, the percentage of time and expenses involved in program delivery should be calculated and reported within appropriate categories (i.e., children/youth, families, adults, seniors or community development). “Facilitation and support” is an apt description for this type of service. ***Expenditures reported in this category must not include expenses, including salaries of municipal staff, for other municipal projects, work or service outside the FCSS mandate. Refer to Section 5(e) of the FCSS Regulation.***
- ***Carefully consider appropriate category placement for each identified project. A number of reports produced by the Ministry are based on category information.***

Section 3 Certification of Compliance

The FCSS Director (or designate) and the Chief Administrative Officer (or designate) both sign the Certification of Compliance attesting that all projects, services and expenditures comply with FCSS legislation; and that the 20 per cent municipal matching share is derived from the operating budget of the municipality or Métis Settlement.

FCSS Director is defined as the person directly responsible for the administration of an FCSS Program within a municipality or Métis Settlement.

CYS requires written confirmation from the municipality if Annual FCSS Program Report signing authority is delegated to anyone other than the local FCSS Director, Chief Administrative Officer and/or Mayor/Reeve (e.g., FCSS Board Chair).

3. Project Type Level I/II Coding

CYS receives frequent requests about the types of projects that are funded through FCSS and two levels of coding, Project Type Level I and II, have been established to assist in providing this information within the provincial FCSS database.

The groupings under Project Type Level I focus on the general type of service that is being provided (e.g., counselling or information and referral).

Project Type Level II is more specific than Level I and identifies projects by the common name of the activity or the context in which the service is being provided.

Level I and Level II coding is only required for **new** projects or services. Codes for projects or services reported in the previous year that receive funding again in the current year are saved and rolled over in the provincial FCSS database.

Ensure **only one code for Level I and one code for Level II** are assigned to each new project. A summary of prior year projects with their assigned codes is available from CYS upon request.

4. Level of Assurance

- a. If the provincial grant provided to the municipality/Métis Settlement is \$100,000 or less, the signed Annual FCSS Program Report is all the Province requires for reporting purposes.
- b. If the provincial grant provided to the municipality is more than \$100,000 but less than \$500,000, a Review Engagement Report (including supporting financial statements) specific to the FCSS Program, must accompany the signed Annual FCSS Program Report.
- c. If the provincial grant provided to the municipality is \$500,000 or more, audited financial statements specific to the FCSS Program must accompany the signed Annual FCSS Program Report.

Reporting requirements are identified in Section 6 of the FCSS Regulation. Definitions of “Review Engagement” and “Audit” are provided in the footnotes included on pages 22 and 23 of the *FCSS Financial Report Guide* posted on the Ministry’s website at www.child.alberta.ca/home/images/familyandcommunitysupport/FCSS_Financial_Report_Guide_Aug_1_2006_Final1.pdf.

With respect to levels of assurance b) and c), the Review Engagement and the Audit require the issuance of a full report by a public accountant. The public accountant must be a member in good standing of the Institute of Chartered Accountants of Alberta, the Certified General Accountants’ Association of Alberta, or the Society of Management Accountants of Alberta.

The Minister will allow a municipal employee to prepare a Review Engagement or Audit referred to in Section 6.1 and 6.2 of the FCSS Regulation providing that the following conditions are met:

- a. The employee has the proper professional designation.
- b. The employee's primary duty is performing audits.
- c. The employee is independent of the unit disbursing the FCSS grant funding.

If a municipal FCSS Program receives a funding increase (i.e., amending agreement) in the current financial year resulting in a surplus, the Program may choose to apply to defer all or part of the surplus to the maximum amount of the increase by completing the Annual FCSS Program Report Addendum.

Métis Settlements operate on the same fiscal year as the Province, April 1 to March 31, and therefore are not required to complete an Annual FCSS Program Report Addendum.

Reconciliation Statement

The provincial reconciliation statement reflects the Statement of Revenue and Expenditures as identified in Section 1 of the Annual FCSS Program Report. Any surpluses incurred by the local FCSS Program will be prorated in proportion to the amount provided by the Province, the municipality/Métis Settlement (to a minimum of 25 per cent of the provincial contribution) and other sources of revenue.

E. Electronic Processing of FCSS Documents

In 2010, CYS introduced an Online System to enable municipalities and Métis Settlements to submit a number of documents electronically through a secure web browser interface to the Internet. These documents include FCSS Funding Requests, FCSS Funding Agreements, FCSS Funding Agreement Amendments and Annual FCSS Program Reports. Funding Requests, Funding Agreements and Amending Agreements are forwarded from the Ministry through this System to Chief Administrative Officers/Administrators and Annual FCSS Program Reports are forwarded to local FCSS Directors.

Following are some of the benefits to using this System:

- Permanent File of Submissions – Ability to check the status of submitted documents. Documents may be printed at any time and prior year records may be reviewed.
- Receive Electronic Notices – An immediate e-mail from the System will provide notification once the Minister or Minister Designate of CYS has approved submitted documents. The System will also provide notification of errors or omissions.
- High Reliability – No concerns about having documents lost/delayed in the mail.
- Less Cost – Signing on to the System is free; no need to spend money for postage or couriers.

Passwords and IDs for specific roles must be established before municipalities and Métis Settlements may access the System. The URL address for the FCSS Online System is <https://www.acs.gov.ab.ca/fcss/fcss.nsf>. Detailed information is available in procedural manuals posted on the Ministry's website at www.child.alberta.ca/home/821.cfm. There are separate manuals for municipalities and Métis Settlements.

For password/ID related questions, send an e-mail message to FCSS.Admin@gov.ab.ca.

F. Program Review Process

Provincial staff conduct FCSS Program Reviews throughout the Province, with approximately 12 municipalities/Métis Settlements visited each year. The purpose of these reviews is to provide ongoing program and administrative advice, support and information to participating municipalities and Métis Settlements and to ensure local Programs are operating within the legislated parameters of FCSS.

G. Performance Measurements

1. Performance Measures (Provincial)

One function of performance measurement is to assist FCSS partners to determine whether the Program is achieving its mission provincially, and whether municipalities and Métis Settlements are fulfilling the intentions of the *FCSS Act* and the Regulation. The mission and local responsibilities are restated on the following page for reference purposes.

Mission:

FCSS is a **partnership** between the Province, municipalities and Métis Settlements that develops locally-driven **preventive social initiatives** to **enhance the well-being** of individuals, families and communities.

Responsibilities of municipalities (reference Section 2 of the FCSS Regulation):

The following are activities that FCSS communities must perform in order to achieve outcomes:

- promote and facilitate the **development of stronger communities**;
- promote **public participation** in planning, delivering and governing the program and services provided under the program;
- promote and facilitate the involvement of **volunteers**;
- promote **efficient and effective use of resources**;
- promote and facilitate **co-operation and co-ordination** with allied service agencies operating within the municipality.

FCSS Program outcomes relate to the following statements identified in Section 2.1(1)(b) of the FCSS Regulation. Local FCSS Programs should be developed to assist communities to:

- help people to develop independence, strengthen coping skills and become more resistant to crisis;
- help people to develop an awareness of social needs;
- help people to develop interpersonal and group skills which enhance constructive relationships among people;
- help people and communities to assume responsibility for decisions and actions which affect them;
- provide supports that help sustain people as active participants in the community.

Provincial performance measures will address each of the highlighted concepts from the mission and the responsibilities.

2. Reporting on Provincial Performance Measures

The Government of Alberta and the FCSSAA have identified the need for performance measures to articulate the effectiveness of FCSS projects and services in meeting preventive social service needs, identify gaps in existing services and provide opportunities to learn and improve.

A framework for the FCSS Outcome Measures Initiative is being developed which will help local FCSS Programs link their own unique outcome statements to one or more of the broad strategic directions identified in the FCSS Regulation. This work will help to identify effective performance measures.

3. FCSS Outcome Measures Initiative

The FCSS Program is included in the Ministry's Business Plan with goals, targets, performance measures and outcomes for province-wide program delivery. The measures used are strong indicators of the commitment of local FCSS staff and volunteers to reduce the need for crisis intervention in communities by providing support to children, youth and families at the earliest opportunity.

In 2000, an environmental scan identified that FCSS Programs did not have the capacity to monitor outcomes of program delivery. In 2001, the FCSSAA piloted a "program logic model" with seven FCSS Programs and the Making a Difference (MAD) Outcome Evaluation System was initiated. The intent of the MAD initiative was to provide an opportunity for FCSS Programs to learn the practice of identifying outcomes of their services; and learn how to use the information for continuous improvement and guiding best practices.

Involvement in the Initiative was encouraged but not required and over the years, the use and understanding of outcome measurement by local FCSS Programs continued to grow. Several provincial annual reports were produced.

Based on findings from the 2007 FCSS Program Review and feedback from local FCSS Directors, a number of gaps and needs were identified in order to continue to build capacity and increase the number of local FCSS Programs implementing outcome measures. In March 2009, a Provincial FCSS Outcome Measures Steering Committee was established to oversee, build capacity and encourage the use of outcome measurement by all FCSS Programs.

The initiative was renamed the FCSS Outcome Measures (FOM) Initiative and the Steering Committee identified some initial priorities to support local FCSS Programs in developing and implementing FOM. Identified priorities included training specific to FCSS Programs delivered by FCSS staff trained in basic outcome measures, clear and consistent language, ongoing communication, the development of outcome measures tools and templates and a peer mentoring system.

In 2010, an FCSS Outcome Measures Training curriculum was developed and piloted by FCSS staff. Local FCSS Program staff have been recruited to work as FCSS Outcome Measures Trainers and are available to provide training and support to FCSS Programs.

Work on FOM will continue to address priorities and will include the development of a provincial framework for FOM. Questions regarding this initiative and the use of outcome measures should be directed to Joyce Mellott, Senior Manager, FCSS Unit, CYS, toll-free by first dialing 310-0000, then 780-415-6285, or by e-mail at Joyce.Mellott@gov.ab.ca.

5**Allocation of Funds****A. Funding Allocation Model**

In April 1998, (then) Family and Social Services began to implement a new model for the allocation of provincial funding to municipalities and Métis Settlements participating in the FCSS Program. The model is based on the population of each participating municipality or Métis Settlement, with a median income level adjustment for each community. The Province uses the model to calculate the FCSS grant available to each municipality or Métis Settlement for the upcoming year.

1. History of Model Development

In April 1996, the administration of the FCSS Program was returned to (then) Family and Social Services from Municipal Affairs. A steering committee was established to conduct a review of the FCSS Program. The committee included representation from the Alberta Urban Municipalities Association, Alberta Association of Municipal Districts and Counties, the FCSS Association of Alberta, Métis Settlements General Council, Inter-City Forum on Social Policy and Family and Social Services. To assist the steering committee, a design team was also created to deal with the detail and analysis of FCSS issues. The design team included department and municipal FCSS officials.

One task was to review the method of allocating provincial funding to participating municipalities and Métis Settlements. The committee considered many different models and determined the approach best able to address some of the funding inequities without introducing too much complexity to the system.

2. Changes to the FCSS Funding Model

As a result of recommendations stemming from the 2006 FCSS Program Review, qualifying municipalities and Métis Settlements received one-time supplemental funding in February 2008 to bring all FCSS Programs to a funding level equal to the cumulative percentage increase of the provincial FCSS budget between the fiscal years 2002/2003 and 2007/2008 of 16 per cent. This increase became part of each local FCSS Program's base budget in April 2008.

In order to maintain the funding level and address the cost of doing business, a two per cent increase to the FCSS grant budget was included in the funding model calculation.

This means that municipalities and Métis Settlements receive either a two per cent increase from the prior year funding, thereby eliminating the need for grandfathering (a process that allows a local FCSS Program to retain its current level of funding), or an amount based on the funding allocation formula (i.e., population/median income), whichever is higher.

Note: This assumes that CYS receives an annual increase to its provincial FCSS Program grant allocation budget.

3. Funding Calculation

The model sets out the following steps to determine the amount of provincial FCSS funding available to a participating municipality or Métis Settlement:

- Step One: Identify the current population of the municipality or Métis Settlement.** The population figure used by the model is the one provided by the municipality or Métis Settlement to Municipal Affairs. Because these figures are updated annually each October, funding is based on the previous year's population (e.g., 2010 funding is based on 2009 population figures).
- Step Two: Determine the median income of the municipality or Métis Settlement.** The model uses the individual median income as reported by Statistics Canada and is based on Tax Filer data. Because Statistics Canada collects and reports this data based on postal codes, the data is organized to correspond as closely as possible with municipal and Métis Settlement boundaries.
- Step Three: Determine the income index for the municipality or Métis Settlement.** The income index is derived by dividing the municipality's or Métis Settlement's median income by the average median income of all participating municipalities and Métis Settlements.
- Step Four: Determine the adjusted population of a municipality or Métis Settlement.** The formula is as follows: Adjusted Population for Calculation of FCSS Funding = Population *plus* [(1 *minus* Income Index) *multiplied by* Weighting Factor* *multiplied by* Population].
- *See note on page 5-5 related to weighting factor.
- Step Five: Determine the percentage of available FCSS funding that will go to the municipality or Métis Settlement.** The formula is as follows: Percentage of Available FCSS Funding = Adjusted Population (per above) *divided by* the total Adjusted Population of all participating municipalities and Métis Settlements *multiplied by* 100.

Step Six: Determine the amount of funding available for distribution under the model. The entire FCSS grant budget is not distributed according to the funding formula. With the incorporation of the two per cent increase in the calculation, a portion of the budget is used.

For example, in 2008/2009, \$72.4 million was budgeted for grants to municipalities and Métis Settlements. Approximately \$70.9 million was distributed under the model and \$1.5 million was the result of the two per cent calculation. In future years, these figures will change based on current population and median income or because of changes to the overall provincial FCSS grant budget.

Step Seven: Determine the provincial FCSS grant for the municipality or Métis Settlement. To do this, the percentage share of available funding (per step five) is *multiplied* by the funding available for distribution under the model (per step six).

Step Eight: Calculate the two per cent increase from prior year funding allocations to municipalities and Métis Settlements. To address the cost of doing business and eliminate grandfathering, a two per cent increase is applied to prior year funding for all participating municipalities and Métis Settlements. This calculation is done independent of the funding formula. The results of both calculations determine the amount of funding received by the municipalities and Métis Settlements. Municipalities and Métis Settlements receive the greater amount of both calculations.

An example of the calculation is provided on the following page.

4. Example

Step One	Population of a municipality	10,000
Step Two	Median Income	15,000
Step Three	Median Income Average	16,646
	Income Index	.901
Step Four	Overall Income Index	1.00
	Less: Income Index of municipality	.901
	Difference	.099
	Multiply by weighting factor	.25
		.02475
	Multiply by actual population of municipality	10,000
		247.5
	Plus: Actual population of municipality	10,000
	Adjusted population for calculation	10,247
Step Five	Divided by Total Adjusted Population of all participating municipalities	2,486,893
	Percentage of Adjusted Population of municipality	0.41204%
Step Six	Multiply by Grant for Distribution	\$34,200,000
Step Seven	Eligible Funding Amount	\$140,917.76
Step Eight	Calculate the two per cent increase from prior year's funding and apply whichever is the greater of the two calculations.	

5. Additional Notes

Median Income

The median is the middle number in a group of numbers. Where a median income is given as \$20,000, it means that exactly one-half of the reported incomes are greater than or equal to \$20,000, and the other one-half are less than or equal to that amount. The model uses individual median income produced by Statistics Canada, based on Tax Filer data.

This data is updated annually, but is always two years behind. For example, in the Fall of 2009 when preparing the 2010 FCSS grants, income data from the 2007 tax year was used.

The provincial **median income average** is the sum total of median income of all participating municipalities and Métis Settlement, divided by the total number of participating municipalities and Métis Settlements.

Weighting Factor

The weighting factor is a mathematical constant that determines the influence of median income in the funding allocation model. The higher the weighting factor, the greater the influence of the median income. In the FCSS funding model, a weighting factor of .25 is used. This is a relatively low weighting, meaning that the population of the municipality or Métis Settlement plays a more significant role in determining its funding than does the median income. The sample calculation from the previous page demonstrates the use of the weighting factor.

Provincial Funding Increases for FCSS

The funding allocation model was developed to create more equity in the way funds are distributed to municipalities and Métis Settlements. In 2000, the Province and the FCSSAA undertook a review of the FCSS Funding Allocation Model. The result of the review indicated that the model was essentially sound and supported by participating municipalities and Métis Settlements, but required “full funding” to operate effectively. In 2002, the (then) Children’s Services Ministry provided the FCSS Program with an additional \$15 million.

Since the 1997/1998 fiscal year, the Province has increased the annual FCSS budget by \$43.8 million. In 2008/2009, the majority of the FCSS communities received increases in their FCSS grants; however, despite considerable increases in funding, there were still a number of municipalities requiring grandfathering at their current levels, thus, the minimum increase of two per cent was introduced.

The following table shows the amount of provincial FCSS funding available to municipalities and Métis Settlements since 1997/1998:

1997/1998 Provincial FCSS Grant Budget	\$31.1 million
1998/1999 Provincial FCSS Grant Budget	\$36.1 million
1999/2000 Provincial FCSS Grant Budget	\$36.6 million
2000/2001 Provincial FCSS Grant Budget	\$37.6 million
2001/2002 Provincial FCSS Grant Budget	\$42.3 million
2002/2003 Provincial FCSS Grant Budget	\$57.3 million
2003/2004 Provincial FCSS Grant Budget	\$58.6 million
2004/2005 Provincial FCSS Grant Budget	\$61.1 million
2005/2006 Provincial FCSS Grant Budget	\$62.5 million
2006/2007 Provincial FCSS Grant Budget	\$64.5 million
2007/2008 Provincial FCSS Grant Budget	\$67.5 million
2008/2009 Provincial FCSS Grant Budget	\$72.0 million
2009/2010 Provincial FCSS Grant Budget	\$74.8 million
2010/2011 Provincial FCSS Grant Budget	\$74.8 million

B. Program Policies and Interpretations

1. What is FCSS?

FCSS is a unique 80/20 funding partnership between the Government of Alberta and participating municipalities or Métis settlements. Provincially, the FCSS Program receives its mandate from the *FCSS Act* and Regulation. The *Act* describes **what** the Province and municipality/Metis Settlement can do to provide preventive social services. The Regulation describes **how** services may be provided.

The Regulation sets out the service requirements that a municipality or Métis Settlement must meet to be eligible for funding. At the local level, a municipality or Métis Settlement Council chooses whether to establish a Program, and enters into an agreement with the Province to jointly fund FCSS activities. **Under FCSS, communities design and deliver social programs that are preventive in nature to promote and enhance well-being among individuals, families and communities.** The programs depend on community resources, often involving volunteers in management and delivery.

The FCSS philosophy is based on a belief that self-help contributes to a sense of integrity, self-worth and independence. **The programs developed are intended to help individuals within their communities to adopt healthy lifestyles, thereby improving the quality of life and building the capacity to prevent and/or deal with crisis situations should they arise.**

One of the key principles of the FCSS Program is local responsibility for priority-setting and resource allocation. Within the parameters of the *FCSS Act* and Regulation, each municipality or Métis Settlement determines how much of the available grant allocation it will access from the Province and how this funding should be allocated to best meet the needs of their community. Part of this decision-making process will be to ensure that the required 20 per cent matching share is available and that its source is the operating budget of the municipality/Métis Settlement. **Final authority and responsibility for how local FCSS Programs will be administered and delivered rests with municipal/Métis Settlement Councils.**

Eligible projects, services and expenditures must adhere to legislated requirements and it is recommended that the *FCSS Act* and Regulation be reviewed and referenced regularly. By collaborating and partnering, local FCSS Programs assist with such program goals as helping communities "assume responsibility for decisions and actions which affect them" and helping to "sustain people as active participants in the community." Promoting local partnerships and co-operation is not only essential to achieve objectives, it is philosophically sound.

FCSS, Prevention and Community Development

According to the FCSS Regulation, participating municipalities and Métis Settlements are obligated by legislation to "promote, encourage and facilitate the development of stronger communities." FCSS, by its legislated nature, is necessarily involved in community development.

Communities can be strengthened in at least two ways:

1. **By supporting individuals** - Communities are groups of people. In providing services for individuals and families to improve their well-being and build their capacity to prevent and/or deal with crisis situations, communities as a whole are strengthened. FCSS supports individuals and families by offering programs (i.e., direct service delivery), or by funding community organizations to provide the services (i.e., external granting).
2. **By serving the whole community** - Communities are also strengthened through community-wide initiatives that intentionally involve citizen participation and provide the opportunity for community members to assume responsibility for decisions and actions which affect them. FCSS serves the whole community by initiating and/or supporting community needs assessments, community planning processes, and developing and implementing projects to address community-wide needs. The provision of community-wide services such as community directories, information and referral services and volunteer centres are examples of FCSS involvement in community development.

Levels of Prevention

There are three levels of prevention: primary, secondary and tertiary. FCSS Programs focus on primary prevention (community development) and secondary prevention (community-based services). There has long been discussion about community development versus provision of community-based services for meeting needs and making change happen – and which is most appropriate for an FCSS Program's focus.

Each community needs to decide for itself what its core philosophy and approach will be. Many FCSS Programs are a combination of community development and community-based services. Elements of both approaches can be present in any project or community planning process.

Whether an FCSS Program wants to provide services or facilitate others to provide services, the role of FCSS is to ensure community involvement and input to make change happen. Using either a community development approach, a community-based services approach, or a combination of both, preventive social services provided by FCSS Programs will be:

- oriented to the future not the past;
- focussed on a group in the community or section of the community, rather than the individual;
- innovative and locally determined;
- carried out in co-operation with other organizations; and/or
- designed to encourage self help, volunteerism, and capacity building so people can help themselves.

FCSS Programs can often be seen doing community development by:

- encouraging groups of people to identify and work toward resolving community issues;
- publicizing issues that affect the quality of life of people in the community;
- adapting to changing conditions; and/or
- helping people to identify their needs, define their goals and determine how to make those goals reality.

Working with Child and Family Services Authorities

CYS offers a range of services and programs for children and families through 10 Child and Family Services Authorities (CFSAs) serving all regions of the Province. Local FCSS Programs and CFSAs work together to build strong, effective partnerships at the community level and collaborate on funding initiatives that meet the FCSS criteria.

CFSAs are responsible for services related to child intervention, child protection, foster care, adoptions, children with special needs, prevention of family violence and day care support services. Services may also include the delivery and co-ordination of a variety of other services developed through partnerships and protocols with community agencies, other regional authorities and government departments.

In 1999, CYS and the FCSSAA partnered to develop a series of “Working Together” papers. *Working Together with Child and Family Services Authorities* and numerous other publications are posted on the CYS website at www.child.alberta.ca/home/821.cfm. These papers are also available through the FCSSAA Resource Bank.

Further information about local CFSA offices can be found on the Ministry’s website at www.child.alberta.ca/home/local_offices.cfm.

2. Eligible/Non-Eligible Projects

Section 2 of the FCSS Regulation (Alberta Regulation 218/94) provides direction for program funding. It states that:

In providing for the establishment, administration and operation of a program, a municipality **must do all** of the following:

Activities

- (1) promote and facilitate the development of stronger communities;
- (2) promote public participation in planning, delivery and governing the program and services provided under the program;
- (3) promote and facilitate the involvement of volunteers;
- (4) promote efficient and effective use of resources;

3. FCSS Program Advice Inventory Listing

The FCSS Program Advice Inventory Listing, developed by CYS and the FCSSAA, follows the principles and guidelines of the *FCSS Act* and Regulation and is intended to assist local FCSS Programs clarify the eligibility of a number of projects, services and/or expenditures.

The Listing is another “for FCSS by FCSS” resource designed to assist in decision-making and program delivery in the community. The information is a collection of responses from CYS and the FCSSAA to questions from local FCSS Program Directors and Board members regarding funding eligibility. Many of the items included in the Listing were reviewed by the FCSS Program Advisory Team.

This Listing is updated periodically by CYS. Please note that the Listing is not exhaustive and interpretations provided are subject to change. **Final funding decisions remain the responsibility of each participating municipality or Métis Settlement.**

A table of contents is provided to assist with locating specific projects/services. This Listing is provided as a section within the FCSS Program Handbook and is also available as a stand-alone document. Copies are available on the Ministry’s website at www.child.alberta.ca/home/821.cfm or by contacting the FCSSAA.

Determining Eligibility

A key consideration when determining the eligibility of a project or service is to identify its **intent or purpose**. For purposes of FCSS Program delivery, preventive social services are defined as “enhancing the social well-being of individuals and families through promotion or intervention strategies provided at the earliest opportunity.” Projects, services and initiatives that support, educate, build awareness, develop leadership skills, strengthen family life and promote volunteerism are eligible preventive social services. Refer to pages 2-1 and 2-2 for a list of programs and services that may be offered.

For example, Boys and Girls Clubs include recreational components; however, the intent of the Clubs’ programming is not recreation; rather, it is to encourage and empower children and youth to develop healthy lifestyles, leadership skills, life skills and a sense of social responsibility. These are “social programs that are preventive in nature” with positive social outcomes provided through various activities. Therefore, FCSS may provide funding to Boys and Girls Clubs.

Identifying the **type of prevention** also helps to determine its fit for funding. Crime prevention and safety or injury prevention programs (first aid courses, child car seat awareness, bicycle safety, swim programs, etc.) provide valuable services to community residents; however, they do not meet FCSS criteria in that they are not “social programs that are preventive in nature.”

When deciding whether to fund particular projects or services, local municipal or Métis Settlement Councils, or FCSS Boards, are tasked with prioritizing **the level of community need the project or service will address** in relation to other needs in the area, and the degree to which it is determined the project or service will meet those needs (thereby providing a basis of prevention of future needs in the community), as well as the availability of other potential funding sources.

Section 2.1(2) and Section 4 of the FCSS Regulation identify ineligible services and prohibited costs. **Crisis intervention and rehabilitation services are not eligible to receive funding. Capital expenses**, including funding to build, renovate, maintain or operate a facility where FCSS programs and services are offered, **are not eligible** for FCSS funding.

Section 2.1(2)(d) of the FCSS Regulation states that “services provided under a program must not duplicate services that are ordinarily provided by a government or government agency.” This does not mean that local FCSS Programs cannot jointly fund initiatives with government, providing FCSS Regulation criteria are met. The intent is to ensure local FCSS Programs do not start-up projects or services that are already mandated under other government jurisdictions. Many government departments/agencies find it necessary to reduce or eliminate funding of programs or services within their jurisdictions. **FCSS funding should not be used to enhance or restore these services.**

Visit the Government of Alberta website at www.gov.ab.ca to learn more about the various provincial ministries and to identify where potential grants may be available (click on the “Government” tab and go to the appropriate Ministry website link). A summary of mandates and responsibilities for all government ministries is available at www.alberta.ca/home/ministries.cfm.

Funding requests may include both **eligible and non-eligible components**. Components of a service that has preventive social outcomes may be funded by FCSS, with another funding partner covering the components related to the non-eligible costs. For example, the aspect of community kitchens/community gardens that focus on developing independence, strengthening coping skills, building relationships and support networks, is eligible for FCSS funding, while the components that focus on menu planning, nutrition, budget planning, learning shopping and/or gardening skills, is not eligible for FCSS funding.

If a project or service is determined to be ineligible for FCSS funding, (e.g., food bank, thrift shop, nutrition program, literacy program, school-based programs, special transportation services, etc.) funding may be provided to assist with community development activities such as public education/awareness (i.e., promotion and information, and volunteer training/development). Core expenses (e.g., rent, salaries, travel, telephone, utilities, etc.) would not be eligible for funding.

In many cases, determining eligibility is not straightforward. However, if there is a social need in the community, projects and services that are preventive in nature and have identified positive social outcomes will generally be eligible for FCSS funding.

Eligibility Assessment Tool

The *Eligibility Assessment Tool* is a four-stage test or guide to assist local FCSS Programs in determining if a project or funding request fits the FCSS eligibility criteria:

1. Is the project or service preventive? Does it enhance the social well-being of families and individuals? Does it have preventive social outcomes?
(The answer should be “yes.”)

2. Does the project or service:
 - help people develop independence, strengthen coping skills?
 - help people develop an awareness of social needs?
 - help people to develop interpersonal and group skills?
 - help people and communities to assume responsibility OR
 - provide supports that help sustain people as active members of the community?*(The answer should be “yes” to at least one of these questions.)*

3. Is the project or service:
 - primarily a recreation, leisure, entertainment or sporting activity or event?
 - offering direct assistance, including money, food, clothing or shelter, to sustain an individual or family?
 - primarily rehabilitative, therapeutic or crisis management?
 - a duplication of services provided by any level of government?
 - a capital expenditure such as the purchase, construction or renovation of a building or facility?*(The answer must be “no” to all of these questions.)*

4. Do the proposed expenditures of the project comply with Sections 3 and 4 of the FCSS Regulation?
(The answer should be “yes.”)

4. Local Surplus Policy

All surpluses from the provincial FCSS grant to an FCSS Program are deducted from the provincial grant allocation in the following year (i.e., the total provincial grant provided to a municipality or Métis Settlement will consist of the annual provincial allocation, minus any surplus amount identified in the prior year reconciliation statement).

Since 2002, municipalities may carry over any committed but unexpended provincial funding in an amount equal to, or less than the funding increase received in the current financial year. This deferred funding requires a matching 20 per cent municipal contribution and must be expended and reported in the next or following municipal financial year.

This deferred funding policy does not apply to Métis Settlements because they operate on the same fiscal year as the Province (April 1 to March 31) whereas municipalities operate on a calendar year (January 1 to December 31).

5. 20 per cent Matching Share

Section 5(b) and 5(b.1) of the FCSS Regulation requires that a municipality or Métis Settlement receiving funds from the Minister must provide, as a matching share, no less than 20 per cent of the total budget and that these funds must be allocated from the operating budget of the municipality or Métis Settlement. Refer to these sections of the Regulation located on page 9-1 of the FCSS Program Handbook for details. **To correctly calculate the required 20 per cent share for a participating municipality or Métis Settlement, divide the provincial (80 per cent) funding by four (or 25 per cent).**

All provincial legislation now includes expiry dates, or sunset clauses, to ensure updating on a regular basis. The last review of the FCSS Regulation was in November 2002. A Working Group of rural and urban FCSS Program representatives and provincial staff determined that major revisions to the Regulation were not necessary; however, minor adjustments were recommended. One approved revision was an amendment to section 5(c) of the FCSS Regulation to ensure that a municipality's 20 per cent matching share, in whole or in part, does not include contributions from agencies or funds collected through fees charged to clients for services. Previously, there had been instances where external organizations/agencies, or municipalities located outside a local FCSS Program's boundaries, offered to contribute a 20 per cent share in return for receiving funding for particular projects/services. The amended Regulation came into effect on June 24, 2003.

Participating municipalities/Métis Settlements are required to report the following revenues on the Annual FCSS Program Report: "Funding provided under the Act" (80 per cent); "Municipal contribution" (20 per cent); and "Other revenues." To accurately reflect the fiscal transactions of a municipality/Métis Settlement, any donation received from an outside organization/agency or individual must be shown as "other revenues." These donations should not be included or identified as part of the 20 per cent municipal contribution.

Consultation

Consultation is a cornerstone of the FCSS Program. The last redesign of the Program (1996-1997) was undertaken through extensive consultation with individual programs, municipalities and other FCSS stakeholders.

Children and Youth Services has ongoing consultative relationships with local FCSS Programs, the FCSSAA and participating municipalities and Métis Settlements. The FCSS Program Advisory Team provides support by managing consultative processes to resolve program and administrative issues to help clarify FCSS policy and practice as required.

The FCSSAA and the FCSS Directors' Network jointly sponsor the FCSS Forum, which facilitates discussion on a wide range of FCSS topics, general social services and government issues. The Forum can be accessed at www.fcss.ab.ca. For further information or assistance, contact the current Forum Manager, David Beale, at bdfcss@town.bonnyville.ab.ca or 780-826-2120.

Local FCSS Programs are encouraged to discuss areas of concern and/or interest with provincial FCSS staff, the FCSSAA or members of the FCSS Program Advisory Team at any time. For more information about the FCSS Program, please visit the Children and Youth Services website at www.child.alberta.ca (click on Programs and Services/Family and Community Support Services) or the FCSSAA website at www.fcssaa.ab.ca.

- February 25, 1999** The first meeting of the FCSS Program Advisory Team (PAT) is held. PAT is a joint management committee comprised of the Executive of the FCSS Association of Alberta and Ministry staff. PAT was established in response to one of the recommendations following the 1998 provincial FCSS Program redesign and meet to identify issues, set priorities, and recommend improvements to the FCSS Program.

- November 2000** The FCSS Funding Allocation Model Review Working Group completes a comprehensive consultation review process to determine the effectiveness of the funding model in meeting the needs of municipalities, Métis Settlements and FCSS Programs. The final report titled "Finding the Balance" confirms support for the fundamental basis of the allocation model and made several recommendations for improvements.
- April 1, 2002** The provincial FCSS budget receives an additional \$15 million based on the Funding Allocation Model review recommendations completed in the year 2000. The 2002/2003 provincial FCSS budget totals \$57.3 million.

- November 2002** A review of the Conditional Agreement Regulation is initiated. A Working Group of rural and urban FCSS Program representatives and provincial staff, determine that major revisions to the Regulation are not necessary; however, minor adjustments are recommended. Mr. George Rogers, MLA for Leduc-Beaumont-Devon, is appointed to lead the FCSS Review.
- May 22, 2007** The Ministry releases the *FCSS Program Review Report*. The review results in 16 recommendations, 15 of which are accepted by government. Recommendation No. 8 pertains to transportation and school-age child care issues and is placed under review pending further consultation. The *FCSS Program Review Report* and government’s response is posted on the Ministry’s website at www.child.alberta.ca/home/821.cfm.

The Rural Issues Working Group meets in June and August of 2007. One recommended short-term solution is to bring all FCSS Programs to a funding level equivalent to the percentage of the provincial FCSS budget increase between the fiscal years 2002/03 and 2007/08 (i.e., 16 per cent). This recommendation is approved by the Ministry and implemented in January 2008.

Outcome statements included in Program Logic Models continue to be directly linked to specific service requirements identified in the FCSS Regulation. A number of priorities are identified including: the development of an FCSS training curriculum; FCSS trainers to provide support and guidance to FCSS Programs; and, providing ongoing communication and clear provincial direction to ensure all FCSS Programs understand the value of collecting outcome measures, what is required and why.
